Report of Independent Certified Public Accountants

The Board of Trustees

University of Northern Iowa Foundation

University of Northern Iowa Properties Corporation and

University of Northern Iowa Research Foundation

Report on the financial statements

We have audited the accompanying combined financial statements of University of Northern Iowa Foundation, University of Northern Iowa Properties Corporation and University of Northern Iowa Research Foundation, (a nonprofit organization) (collectively, the “Organization”), which comprise the combined statements of financial position as of June 30, 2018 and 2017, and the related combined statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

Management’s responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these combined financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of combined financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s responsibility

Our responsibility is to express an opinion on these combined financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the combined financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the combined financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the combined financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Organization’s preparation and fair presentation of the combined financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on

the effectiveness of the Organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the combined financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the combined financial statements referred to above present fairly, in all material respects, the financial position of University of Northern Iowa Foundation, University of Northern Iowa Properties Corporation and University of Northern Iowa Research Foundation as of June 30, 2018 and 2017, and the changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

NOTES TO COMBINED FINANCIAL STATEMENTS

June 30, 2018 and 2017

NOTE A – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

The University of Northern Iowa Foundation (the “Foundation”) is organized and operated exclusively for educational and scientific purposes. It is authorized to accept, hold, administer, invest and disburse monies for the direct benefit of the University of Northern Iowa (the “University”).

The University of Northern Iowa Properties Corporation is organized to receive, hold, manage and administer real property and tangible personal property for the use and benefit of the Foundation.

The University of Northern Iowa Research Foundation is organized to advance, develop, increase and extend the progress of science and useful arts through encouraging and assisting investigation, research, and education at the University. This is accomplished by furnishing the means, methods and agencies by which ideas, creations, discoveries, inventions and processes may be protected and the uses thereof determined and safeguarded for the public, and to manage, license, and dispose of proprietary rights in ideas, creations, discoveries and inventions and processes of any nature.

Basis of combination

The accompanying combined financial statements include the activities of the Foundation, University of Northern Iowa Properties Corporation and University of Northern Iowa Research Foundation (collectively, the “Organization”). All material transactions between these entities have been eliminated. Combined financial statements are presented because the entities share the objectives of promoting and benefiting the University.

Basis of accounting

The Organization classifies its activities and net assets into three categories: unrestricted, temporarily restricted, or permanently restricted, based on the absence or existence of external (donor) imposed restrictions. The accounts of the Foundation are maintained in accordance with the principles of fund accounting. Under fund accounting, resources for various purposes are classified into funds established according to their nature and purpose. Separate funds are maintained for each purpose; however, in the accompanying combined financial statements, funds that have similar characteristics have been combined.

Contributions and net assets

Contributions received and unconditional promises to give are recorded as increases in unrestricted, temporarily restricted, or permanently restricted net assets, depending on the existence and/or nature of any donor restrictions. The Board of Trustees (the “Board”) of the Foundation may designate a portion of its unrestricted net assets for various purposes. A description of the three net asset categories follows:

**University of Northern Iowa Foundation
University of Northern Iowa Properties Corporation and
University of Northern Iowa Research Foundation**

NOTES TO COMBINED FINANCIAL STATEMENTS - CONTINUED

June 30, 2018 and 2017

**NOTE A – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES -
Continued**

Unrestricted net assets include contributions for which there are no donor imposed restrictions. They include net assets designated to carry out the general mission of the Foundation, plant net assets for the construction and maintenance of capital projects and net assets that have not yet been designated by the Board as to where they will be spent.

Temporarily restricted net assets include contributions for which donor imposed restrictions have not been met and charitable gift annuities and charitable remainder trusts for which proceeds have not been realized. Purpose restrictions include support for student scholarships, department programs and capital projects. Temporarily restricted contributions whose restriction is met in the same year received are recorded as unrestricted contributions.

Permanently restricted net assets include contributions for which donor imposed restrictions require investment in perpetuity and only the agreed upon payout be made available to carry out the mission of the Foundation. For permanent endowments, earnings in excess of the corpus are permanently restricted. Also included are charitable gift annuities and charitable remainder trusts in which the donor has permanently restricted the use of the Foundation's interest in the assets.

Cash and Cash Equivalents

The Foundation considers all highly liquid equity instruments purchased with a maturity of three months or less to be cash equivalents. The Foundation maintains cash balances at various financial institutions. From time to time, the cash balances may exceed the amounts insured by the Federal Deposit Insurance Corporation, however management believes the Foundation is not exposed to any significant credit risk related to those accounts.

Investments

Investments are managed by the Foundation Treasurer and external managers, in accordance with the Board's policy. The Foundation carries investments in marketable securities with readily determinable fair values and all investments in debt securities at their fair values in the combined statements of financial position. The Foundation reports the fair value of market alternatives, also known as alternative investments, using the practical expedient. The practical expedient allows for the use of net asset value (NAV), either as reported by the investee fund or as adjusted by the Foundation based on various factors, to determine fair value, under certain conditions. Unrealized gains and losses and management fees are included in investment return in the change in net assets in the accompanying combined statements of activities.

Investments may be exposed to various risks, such as interest rate, market and credit risks. As a result, it is at least reasonably possible that changes in risks in the near term could affect investment balances, and those effects could be significant.

**University of Northern Iowa Foundation
University of Northern Iowa Properties Corporation and
University of Northern Iowa Research Foundation**

NOTES TO COMBINED FINANCIAL STATEMENTS - CONTINUED

June 30, 2018 and 2017

**NOTE A – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES -
Continued**

Pledges receivable

Pledges receivable are recorded at their net present value using an effective interest rate, less an allowance for doubtful pledges. Conditional promises to give are not recorded until the condition is met.

Contribution of non-monetary assets and donated services

Donated securities, equipment, artwork, and other non-monetary assets are recorded in the combined financial statements at their estimated fair value at the date of receipt based primarily on publicly available information. The Foundation's policy is to sell donated securities soon after receipt to be able to use the funds for their specified purpose, unless management determines that the security should be retained as an investment. The Foundation's policy is to transfer donated equipment, artwork, museum pieces and other non-monetary assets to the University.

The Foundation recognizes revenue for certain services received at the fair value based on the current rate for such services. These include professional assistance donated by doctors, consultants, and other specialized service providers. The Foundation recorded salaries and benefits of University employees that perform duties for the Foundation without compensation from the Foundation as well as office space and equipment costs for the years ended June 30, 2018 and 2017. The fair value of the non-monetary assets and donated services is reflected in revenue and included in expenses in the following functional categories:

	2018	2017
Programming	\$ 110,017	\$ 117,398
Administrative	<u>1,555,102</u>	<u>1,469,874</u>
	<u>\$1,665,119</u>	<u>\$1,587,272</u>

In addition, the Foundation receives donated services from unpaid volunteers who assist in fundraising and special projects. No amounts have been recognized in the combined statements of activities since these services are not specialized services that would otherwise be purchased.

University commitments

From time to time the administration of the University asks the Foundation to raise funds and provide financial support for given projects. Such requests are not recorded as liabilities of the Foundation until the Board votes to accept them.

**University of Northern Iowa Foundation
University of Northern Iowa Properties Corporation and
University of Northern Iowa Research Foundation**

NOTES TO COMBINED FINANCIAL STATEMENTS - CONTINUED

June 30, 2018 and 2017

NOTE A – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
– Continued

Functional allocation of expense

The costs of providing programs and other services have been summarized on a functional basis in the combined statements of activities. Accordingly, certain costs have been allocated among the programs and the supporting services benefited.

Capital improvements

Purchased or constructed buildings, equipment and tenant improvements are recorded at cost. Depreciation and amortization is provided using the straight-line method over the estimated useful lives of the assets, which vary from 5 to 20 years.

Impairment of Long-Lived Assets

Long-lived assets held for use, such as capital improvements, are reviewed for impairment whenever events or circumstances indicate that the carrying amount of the asset may not be recoverable. Recoverability is measured by a comparison of the carrying amount of an asset to estimated, undiscounted future cash flows expected to be generated by the asset. If the carrying amount of an asset exceeds its estimated future cash flows, an impairment charge is recognized in the amount by which the carrying amount of the asset exceeds the fair value of the asset. Long-lived assets to be disposed of are reported at the lower of the carrying amount or fair value less costs to sell, and are no longer depreciated.

No long-lived assets were determined to be impaired during the years ended June 30, 2018 and 2017.

Other assets

The Organization received land valued at approximately \$790,000 during the year ended June 30, 2018.

Split interest agreements

Contributions received under lifetime charitable gift annuity, remainder and unitrust agreements are recorded at fair value at the inception of the trust and a liability is recorded equal to the present value of the expected future payments to the life tenant. Annuity and life income obligations are determined annually based on the ages and life expectancies of the donors using applicable interest rates, at the date of the contribution, established by the Internal Revenue Service. Beneficial interest in trusts are recorded at fair value at the inception of the trust, based upon the underlying assets.

Income taxes

The Organization is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. Thus, no provision for income taxes is included in the accompanying combined financial statements.

**University of Northern Iowa Foundation
University of Northern Iowa Properties Corporation and
University of Northern Iowa Research Foundation**

NOTES TO COMBINED FINANCIAL STATEMENTS - CONTINUED

June 30, 2018 and 2017

**NOTE A – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES -
Continued**

The Organization follows the accounting guidance for accounting for uncertainty in income taxes. The Organization recognizes the financial statement benefit of a tax position only after determining that the relevant tax authority would more likely than not sustain the position following an audit. For tax positions meeting the more-likely-than-not threshold, the amount recognized in the financial statements is the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement with the relevant tax authority. The Organization applied the uncertain tax position guidance to all tax positions for which the statute of limitations remained open and determined there were no material unrecognized tax benefits as of that date. The Organization does not believe there is any uncertainty with respect to its tax position which would result in a material change to the financial statements.

The Organization is subject to federal and state income taxes to the extent it has unrelated business income. In accordance with the guidance for uncertainty in income taxes, management has evaluated their material tax positions and determined that there are no income tax effects with respect to its financial statements. The Organization is no longer subject to examination by federal authorities for years prior to June 30, 2015. For state authorities, the statute of limitations is generally three or four years; however, the statute of limitations will remain open for any state returns not filed.

The Organization recognizes any interest and penalties related to income taxes. There were no interest or penalties related to income taxes that have been accrued or recognized as of and for the years ended June 30, 2018 and 2017.

Legal fees

Legal costs associated with loss contingencies are expensed as incurred.

Endowments

The Foundation's endowment funds consist of numerous individual funds established to support the mission of the University. These funds include both donor-restricted endowment funds and funds designated by the Foundation's Board to function as endowments. Net assets associated with endowment funds, including funds designated by the Board to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

The Board has interpreted the state Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation has classified as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund.

**University of Northern Iowa Foundation
University of Northern Iowa Properties Corporation and
University of Northern Iowa Research Foundation**

NOTES TO COMBINED FINANCIAL STATEMENTS - CONTINUED

June 30, 2018 and 2017

**NOTE A – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES -
Continued**

The remaining portion of the donor-restricted endowment funds that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Foundation in a manner consistent with the standard of prudence prescribed by UPMIFA. In accordance with UPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds: (1) the duration and preservation of the various funds, (2) the purposes of the donor-restricted endowment funds, (3) general economic conditions, (4) the possible effects of inflation and deflation, (5) the expected total return from income and the appreciation of investments, (6) other resources of the organization, and (7) the investment policies of the Foundation.

Investment return objectives, risk parameters and strategies

The Foundation has adopted endowment investment and spending policies which have been approved by the Board. The objective is to provide a predictable stream of funding to programs supported by endowment funds while maintaining the purchasing power of those assets over the long-term. The investment process seeks to achieve an after-cost total real rate of return, including investment income as well as capital appreciation, which exceeds annual distributions with acceptable levels of risk.

Endowment assets are invested in a well-diversified asset mix, which includes public and private equities, private real estate, hedge funds, fixed income funds and cash. This diversified asset allocation is intended to result in a consistent inflation-protected rate of return that has sufficient liquidity to make distributions, while growing the funds, if possible. Investment risk is measured in terms of the total endowment fund; investment assets and allocation between asset classes and strategies are managed to reduce risk to the overall fund.

Spending policy

The Foundation's Board recognizes their fiduciary responsibility to prudently manage the funds that have been and will be given to the Foundation. Spending from these funds is intended to benefit the University in perpetuity; therefore, the spending policy is intended to achieve a balance between preserving the purchasing power of the endowment principal and maximizing current distributions to support the programs designated by the contributors. The Foundation uses a 12 quarter rolling average model which allows spending within a 4% to 6% band at a rate determined annually by the Board.

Funds with deficiencies

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or UPMIFA requires the Foundation to retain as a fund of perpetual duration. Deficiencies of this nature, which result primarily from unfavorable market fluctuations and continued appropriations deemed prudent by the Foundation's Board, are reported as a reduction of unrestricted net assets.

**University of Northern Iowa Foundation
University of Northern Iowa Properties Corporation and
University of Northern Iowa Research Foundation**

NOTES TO COMBINED FINANCIAL STATEMENTS - CONTINUED

June 30, 2018 and 2017

**NOTE A – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES -
Continued**

Fair value of financial instruments

The following methods and assumptions were used to estimate the fair value of each class of the Foundation's financial instruments at June 30, 2018 and 2017:

Cash and cash equivalents, pledges receivable, accounts payable and other liabilities:

The carrying amounts approximate fair value because of the short maturity of these instruments.

Investment securities, except market alternatives:

The fair values of equity investments, mutual funds, and money market investments are based on quoted market prices at the reporting date for those or similar investments (Level 1). The fixed income investments are valued based on quoted prices for similar instruments in active markets (Level 2).

Market alternatives:

The Foundation reports the fair value of market alternative investments using the practical expedient. The practical expedient allows for the use of NAV, either as reported by the investee fund or adjusted by the Foundation based on various factors, to determine fair value, under certain conditions.

These investments would have significant redemption and other restrictions that would limit the Foundation's ability to redeem out of the fund at report date NAV. The fair value of the investment is based on a combination of audited financial statements of the investees and monthly or quarterly statements received from the investees. The practical expedient may not be used on funds intended to liquidate, or in the process of liquidation. Such funds are valued based on the fund manager's expectation of liquidation proceeds.

Annuity, annuity trusts and unitrusts payable:

The fair value of obligations related to split interest agreements is determined as the present value of expected future cash flows discounted at an appropriate interest rate.

Beneficial interest in trust:

The fair value of recorded beneficial interest in a non-custodial perpetual trust is recorded based on the fair value of the underlying assets.

Fair value measurements

The Foundation accounts for its investments at fair value. The Foundation estimates fair value using the guidance established by the accounting guidance for *Fair Value Measurements*, which defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in its principal market, or in the absence of a principal market, the most advantageous market for the asset or liability. In accordance with the guidance, the Foundation has categorized its investments, based on the priority of the inputs to the valuation technique which give the highest priority to quoted prices in active markets and the lowest priority to unobservable inputs, into a three-level fair value hierarchy. These levels are:

**NOTE A – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES -
Continued**

Level 1 - Valuation is based upon quoted prices for identical instruments traded in active markets.

Level 2 - Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.

Level 3 - Valuation is based upon significant unobservable inputs that reflect the Foundation's own assumptions, including discount cash flow models. Level 3 investments also include beneficial interests in trusts as the Foundation has no redemption rights with respect to trust assets and is valued based on the underlying trust assets, which are primarily publicly traded.

Use of estimates

The preparation of combined financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities, revenues and expenses and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Recent accounting pronouncements

In August 2016, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) 2016-14, *Presentation of Financial Statements of Not-for-Profit Entities*. The ASU changes the net asset classification requirements from unrestricted, temporarily and permanently restricted to net assets without donor restrictions and net assets with donor restrictions. In addition, the ASU expands a not-for-profit entity's disclosures surrounding liquidity, financial performance, and cash flows. This guidance is effective for annual periods beginning after December 15, 2017, with early application permitted. The Organization anticipates it will adopt this ASU effective July 1, 2018. The Organization is in the process of evaluating the impact of this adoption on its financial statements.

**NOTE A – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES -
Continued**

The FASB issued ASU 2018-08, *Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made*. This ASU applies to all Not-for-Profit Entities and business entities that receive or make contributions. The guidance clarifies how entities determine whether to account for a transfer of assets (or a reduction, settlement or cancellation of a liability) as an exchange transaction or a contribution. The new guidance also clarifies that a contribution is conditional if the agreement includes both a barrier (or barriers) that must be overcome for the recipient to be entitled to the assets transferred and a right of return for the transferred assets or a right of release for the promisor's obligation to transfer assets. This ASU is effective for annual periods beginning after December 15, 2018 for resource recipients, and annual periods beginning after December 15, 2019 for resource providers. Early adoption is permitted. The Organization anticipates it will adopt this ASU for resource recipients effective July 1, 2019 and July 1, 2020 as a resource provider. The Organization is in the process of evaluating the impact of this adoption on its financial statements.

In May 2014, the FASB issued ASU 2014-09, *Revenue from Contracts with Customers*, which provides guidance for revenue recognition that supersedes existing revenue recognition guidance. The ASU's core principle is that an entity will recognize revenue when it transfers promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The ASU also requires more detailed disclosures to enable users of financial statements to understand the nature, amount, timing and uncertainty of revenue and cash flows arising from contracts with customers. In July 2015, the FASB approved a proposal to defer the effective date of the ASU by one year to reporting periods beginning after December 15, 2018. The ASU should be applied retrospectively to each prior reporting period presented or retrospectively with the cumulative effect of initially applying the ASU recognized at the date of initial application. The Organization has not elected to early adopt this ASU and will adopt this ASU effective July 1, 2019. The Organization is currently in the process of evaluating the impact of the adoption of this ASU on its financial statements.

In February 2016, the FASB issued new accounting requirements related to the accounting for leases. Under these requirements, entities must recognize most leases on the balance sheet as a right of use asset and a lease liability. A modified retrospective transition will be required. The effective date of this new accounting requirement is for periods beginning after December 15, 2019, with early adoption permitted. The Organization has not elected to early adopt this ASU and will adopt this ASU effective July 1, 2020. The Organization is currently evaluating the potential impact of adopting this new accounting requirement on its financial statements and related disclosures.

In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement*, which adds disclosure requirements to Topic 820 for the range and weighted average of significant unobservable inputs used to develop Level 3 fair value measurements. The Company is evaluating the provisions of this ASU and plans to adopt this ASU effective July 1, 2020.

NOTES TO COMBINED FINANCIAL STATEMENTS - CONTINUED

June 30, 2018 and 2017

NOTE B – INVESTMENTS - Continued

The following table provides a summary of market alternatives at June 30, 2018 and 2017, by net asset class, whose fair value is calculated using NAV per share, or its equivalent:

<u>Description</u>	<u>2018 Fair Value</u>	<u>2017 Fair Value</u>	<u>June 30, 2018</u>		<u>Redemption Notice Period</u>
			<u>Unfunded Commitments (Approximate)</u>	<u>Redemption Frequency (if available)</u>	
Real estate investments (a)	\$ 3,731,050	\$ 3,992,866	\$ 3,217,950	Not allowed	Not applicable
Fund of funds (b)	12,573,489	11,172,303	-	See below	See below
Commonfund limited partnerships(c)	1,088,363	1,254,113	189,200	Not allowed	Not applicable
Other limited partnerships (d)	<u>19,459,937</u>	<u>16,788,965</u>	<u>6,869,295</u>	See below	See below
	<u>\$36,852,839</u>	<u>\$33,208,247</u>	<u>\$10,276,445</u>		

- (a) Represents fund of funds investments with a concentration in real estate with no particular geographic concentration. Redemptions are not allowed; distributions, if any, are based on the sales of the underlying assets.
- (b) Includes funds of funds invested in private investment companies and hedge funds with no particular industry or geographic concentration. Approximately \$8,100,000 of the fund is subject to quarterly redemption notices between 65-90 days. The remaining funds are redeemable semi-annually.
- (c) Represents limited partnership investments focused on private equity and emerging markets. Redemptions are not allowed; distributions, if any, are based on the sales of the underlying assets.
- (d) Partnership investments are primarily swaps, debt and equity securities, options, foreign currency and private investment pools, distressed securities and securitized assets with no particular industry or geographic concentration. Approximately \$10,500,000 is subject to quarterly redemption notices between 60-90 days. Approximately \$2,500,000 is subject to semi-annually redemption notices with approximately \$1,800,000 in a two year lockup; distributions, if any, are based on the sales of the underlying assets. Redemptions are not allowed for the remaining funds.

Market alternatives are redeemable with the investee fund at NAV under the original terms of the subscription agreement but are subject to significant redemption and other restrictions that would limit the Foundation's ability to redeem out of the fund at a report date NAV. Due to the nature of these investments, changes in market conditions and the overall economic environment may significantly impact the NAV of the funds, and therefore the value of the Foundation's interest. It is therefore reasonably possible that, if the Foundation were to sell all or a portion its market alternatives, the transaction value could be significantly different than the fair value reported as of June 30.

June 30, 2018 and 2017

NOTE B – INVESTMENTS – Continued

Interest, dividends, realized and unrealized gains and losses and management fees are recognized and allocated to the various designated funds based on each individual funds' average balance. The following summarizes the investment return and its classification on the combined statements of activities for the years ended June 30, 2018 and 2017:

	2018			Total
	Unrestricted	Temporarily Restricted	Permanently Restricted	
Interest and dividends	\$ 333,820	\$2,380,274	\$ 84,124	\$ 2,798,218
Realized and unrealized gains	1,104,680	84,342	7,972,941	9,161,963
Management fees	<u>(148,230)</u>	<u>(982,381)</u>	<u>(19,137)</u>	<u>(1,149,748)</u>
	<u>\$1,290,270</u>	<u>\$1,482,235</u>	<u>\$8,037,928</u>	<u>\$10,810,433</u>
	2017			
	Unrestricted	Temporarily Restricted	Permanently Restricted	Total
Interest and dividends	\$ 390,205	\$ 1,803,570	\$ 91,025	\$ 2,284,800
Realized and unrealized gains	1,531,763	11,162,680	363,178	13,057,621
Management fees	<u>(161,948)</u>	<u>(939,400)</u>	<u>(20,448)</u>	<u>(1,121,796)</u>
	<u>\$1,760,020</u>	<u>\$12,026,850</u>	<u>\$433,755</u>	<u>\$14,220,625</u>

NOTE C – PLEDGES RECEIVABLE

Unconditional promises are included in the combined financial statements as pledges receivable and revenue of the appropriate net asset category. Unconditional promises are recorded at their net realizable value at the time the promise is made. Those promises expected to be collected in more than one year are discounted at various rates based on the length of time the payments are to be received. Unconditional promises are expected to be realized in the following periods:

	2018	2017
In one year or less	\$2,694,071	\$2,799,920
Between one year and five years	3,646,571	4,029,079
More than five years	<u>1,221,490</u>	<u>1,269,830</u>
	7,562,132	8,098,829
Less discounts to net present value	(378,581)	(386,761)
Less allowance for uncollectible pledges	<u>(187,218)</u>	<u>(210,113)</u>
	<u>\$6,996,333</u>	<u>\$7,501,955</u>

**University of Northern Iowa Foundation
University of Northern Iowa Properties Corporation and
University of Northern Iowa Research Foundation**

NOTES TO COMBINED FINANCIAL STATEMENTS - CONTINUED

June 30, 2018 and 2017

NOTE C – PLEDGES RECEIVABLE – Continued

The discount rate was 2.75% for pledges due between one year and five years and 2.87% for pledges due in more than five years for the year ended June 30, 2018 and 1.93% for pledges due in more than five years for the year ended June 30, 2017.

Pledges receivable at June 30, 2018 and 2017 have the following restrictions:

	<u>2018</u>	<u>2017</u>
Unrestricted:		
Undesignated	\$ 44,333	\$ 72,170
Temporarily restricted:		
Scholarships and department programs	4,058,177	4,315,509
Building, equipment and leasehold improvements	1,821,535	1,678,794
Permanently restricted:		
Endowments - scholarships and department programs	<u>1,072,288</u>	<u>1,435,482</u>
	<u>\$6,996,333</u>	<u>\$7,501,955</u>

The Foundation also maintains a planned giving program through which contributors promise to give amounts to be donated upon their death. These promises are not reflected in the combined financial statements because they are subject to retraction at the discretion of the contributor. Any amounts reflected as income in the combined financial statements are the amounts received during the year. For the years ended June 30, 2018 and 2017, conditional promises to give total approximately \$127,000,000 and \$132,000,000, respectively (unaudited).

Conditional promises to give are only recognized when the conditions on which they depend are substantially met and the promises become unconditional.

**University of Northern Iowa Foundation
University of Northern Iowa Properties Corporation and
University of Northern Iowa Research Foundation**

NOTES TO COMBINED FINANCIAL STATEMENTS - CONTINUED

June 30, 2018 and 2017

NOTE D – CAPITAL IMPROVEMENTS

Components of capital improvements include the following as of June 30, 2018 and 2017:

	<u>2018</u>	<u>2017</u>
Tenant improvements	\$ 277,414	\$277,414
Less accumulated depreciation	(126,191)	(85,382)
Net capital improvements	\$ <u>151,223</u>	<u>\$192,032</u>

NOTE E – RECURRING OBLIGATIONS – SPLIT INTEREST AGREEMENTS

The Foundation is obligated to pay approximately \$287,000 under existing lifetime charitable gift annuities based on original contributions of approximately \$3,718,000 and \$87,000 under charitable remainder annuity trust agreements based on original contributions of \$1,432,000. The Foundation is obligated under charitable remainder unitrust agreements to make payments based on trust income or on a fixed percentage of the asset values. The Foundation's obligation for the unitrust agreements was approximately \$46,000 and \$75,000 during the years ended June 30, 2018 and 2017, respectively. Asset values for all split interest agreements were approximately \$4,624,000 and \$5,152,000 as of June 30, 2018 and 2017, respectively.

In accordance with state law, to qualify and provide charitable gift annuities an organization must be in continuous operation for three years and have a minimum value of unrestricted assets equal to the lesser of \$300,000 or five times the total amount of outstanding annuities (\$8,656,780 at June 30, 2018 and \$9,352,331 at June 30, 2017). The Foundation was in compliance with all aforementioned state requirements during both the years ended June 30, 2018 and 2017.

NOTE F – RELATED PARTY TRANSACTIONS

As disclosed in Note A, the University compensates Foundation employees which is not reimbursed by the Foundation and provides office space, equipment maintenance, telephone support, and other miscellaneous office supplies. At June 30, 2018 and 2017, approximately \$140,468 and \$133,556, respectively, were due from the University were included in pledges receivable. Additionally, the Foundation reimburses the University for the salaries and benefits of the Foundation's employees. At June 30, 2018 and 2017, approximately \$182,177 and \$212,848, respectively, due to the University were included in accounts payable.

	<u>\$1,609,593</u>	<u>\$10,887,128</u>	<u>\$91,784,550</u>	<u>\$104,281,271</u>

Underwater endowments of approximately \$606,000 and \$797,000 are included in unrestricted net assets as of June 30, 2018 and 2017, respectively.

NOTE H – COMMITMENTS AND CONTINGENCIES

The Foundation entered into an agreement with a bank effective August 2013 which would provide the Foundation with liquidity and flexibility in managing their investment portfolio. The agreement allows the Foundation borrowings, if needed, up to \$5,000,000 via a variable rate advance, fixed rate advance or letter of credit at a rate of LIBOR plus 1.25%, reset daily. The agreement is collateralized by the Foundation's investment accounts held with the bank. No borrowings were outstanding at both June 30, 2018 and 2017. No interest expense was incurred for the years ending June 30, 2018 and 2017.

In July 2012, a major donor and his Company declared bankruptcy. The donor had made large contributions to the University and the Foundation with funds that were not his, resulting in the University being sued by the bankruptcy trustee for return of the funds. As of the date of release of the Organization's combined financial statements, a settlement offer had been agreed to by the parties to repay \$250,000. The settlement was approved by the bankruptcy court and payment of the settlement was made on November 19, 2018. No amounts have been recorded in the Organization's combined financial statements as of June 30, 2018 and 2017. As of June 30, 2018 and 2017, the Foundation had no pledge receivable outstanding related to the donor.

**University of Northern Iowa Foundation
University of Northern Iowa Properties Corporation and
University of Northern Iowa Research Foundation**

NOTES TO COMBINED FINANCIAL STATEMENTS - CONTINUED

June 30, 2018 and 2017

NOTE I – SUBSEQUENT EVENTS

The Organization evaluated subsequent events through November 26, 2018, the date the combined financial statements were available to be issued. The organization is not aware of any subsequent events which would require recognition, or disclosure in the financial statements, other than as disclosed in Note H.
